

DairyNZ Historypin Channel

This is the main site for the DairyNZ Historypin Time Capsule. In conjunction with New Zealand classrooms we're trying to create an online record of historic images of the New Zealand dairy industry.

DairyNZ Time Capsule Project

Join this nationwide project for New Zealand Year 5-8 students. We are creating an online time capsule of the history of the New Zealand Dairy Industry. We need your help to find 3 things:

1. Photos of anything connected with the New Zealand Dairy Industry.
2. Photos of what that that thing looks like today.
3. Stories from people about these photos.

Download the full Teacher and Student Guide on our website.
