

# Rosie's Cow Cam - Kids on farms

TED-Ed

Help your class learn about what it means to be part of a farming family. Visit the Cotter family farm with Rosie and learn about all the jobs that kids do on farms.

## Let's Begin...

Your teacher would like you to think about what life is like for kids that live on farms. Think about what is the same and what is different between your life and the lives the Cotter children have. Complete the tasks below in preparation for discussion and learning in class.
