

Student activity guide

Transmission of restricted access files

Activity

Tools

1

Open the file named "Confidential, restricted access file" and complete the following:

- Review the clues
- Make your prediction
- Discover the truth

2

Work to complete the final report for Rosie and her followers. Complete the submit your report form at mission HQ. Follow the steps to finalise your report.

3

Make sure you find out the answers to:

- The name of the business
- Location of the business
- The idea for the product
- The process involved in making the product
- The types of people that consume the product
- The dairy factory that the milk comes from

4

Make sure that you have "pinned" each location on your map showing where the farmer is located, where the factory is that they supply, where the consumer lives and where the consumer purchased their dairy product from. The report needs to be as detailed as possible to show the hard work and thinking you have been doing. You must make sure you connect the dairy farmer to the consumer and the consumer to the dairy farmer.

5

As the final step, Rosie's 'Special Agents' need to email a copy of their report to Mission HQ as well as to the dairy farmer and consumers they interviewed.
